BOARD OF HEALTH ADOPTS A REPORT CONDEMNING SOME OF THEM.

The Board of Health yesterday received and adopted a report of the committee on the duck pond nuisance, recommending that a number of them be ordered removed within 90 days. The

report was in part as follows. "The majority of the duck ranches in the Waikiki district drain through ponds either into the Piinao stream or and into a stream which runs makai and discharges into the sea, by the wooden bridge on the Ala Moana road. Both of these streams are very sluggish and

contain quite a little vegetation. "In the Walkiki district there are fif-ty-one duck ranches, with approximate-ly 10,280 ducks, and it can be easily seen that there will be a large amount of filth from such a number of ducks. This fifth after contaminating the ponds and streams is gradually washed down upon the beach at Walkiki or into the lagoon mauka of the Ala Moana

"Your committee also found that it was the custom of some of the duck owners to drive their ducks to the beach along the Ala Moana road and allow them to feed at low tide.

Having found upon investigation at the complaint of the residents ong the Ala Means road was justiole your committe took up the ques

tion of how to remedy the same,
"We would recommend that permits to keep ducks be issued to those having duck ranches manks of the Walkiki road, also maked of that road and Wallkiki of the Kalla road, only upon condition that the owners put their places in similary condition, by cleaning their pends and yards, putting in gates that will allow a free flow of water in and out of the ponds and that the number of ducks they be allowed to keep shall not exceed one duck to every 100 square feet of land and water.

"They would further recommend that the lagoon mauka of the Ala Moana road and Ewa of the Piinao stream be condemned as a nulsance and danger to the public health and the parties owning or leasing the same be ordered to either fill it up or drain it. Further, that no permit to keep ducks be granted to Ah Chew and Lee Suc and that they be given 30 days in which dispose of their ducks.

"Your committee, while investigating the conditions at Waikiki and Kalia, had their attention called to a numbe Honolulu. Hawalian standard time is of duck pends off Sheridan street, and 10 hours 30 minutes slower than Green- an examination was made of these. All of these ponds were found to be in very insanitary condition and your emmittee would strongly recommend that the same be condemned and that the parties raising ducks in these ponds be given 90 days in which to dispose of

> "They would also recommend that the parties who have been in the habit of feeding their ducks along the Ala Moann beach be notified to discontinue the same. Respectfully submitted, JOHN C. LANE,

"Chairman. "W. H. MAYS. President Pinkham gave the follow-

ing statement to the Board: "The Executive, by and with the advice of the heads of the departments owing to the even more stringent condition of the Territorial finances than anticipated, has directed the economies enacted by the recent Legislature to be put in force at once, dating from

"The Government physicians have been notified and all salaried employees, except the sanitary inspectors adults. No family can afford to be with-and a few instances, where a few days out it. For sale by all Dealers, Benson more will be required to determine the best course.

The reduction in numbers of the sanitary inspectors leads to a delicate situation. Owing to the depressed state of affairs it is a hardship on any individual to lose his position. After much reflection I have concluded to recom-mend the Board to retain the eight sanitary inspectors in the order of their seniority of appointment as disclosed by

"It is necessary to invite you to discuss the duties of the Food Commissioner and Milk Inspector.

the records.

"In the matter of inspectors for the markets of the Inter-Island Live Fish | WORK. and Cold Storage Co. I recommend that although the inspector must be private. ly paid, he be appointed by the Board and his salary be collected and paid through the Board. I also recommend this course be taken with all inspectors privately paid.

"It appears that during the month of ty--six (366) cases treated at the Dispensary and sixty-two (62) outside

Rev. M. E. Silva wrote to the Board for permission to the people under his pastoral charge to make burials in lot No. 2 of the Palama cemetery. At the suggestion of the Attorney General the request was referred to the committee on cemeteries.

An application was received from the Metropolitan Meat Co. for permision to operate a tannery at its abattoir in Kalihi. The application was granted. Reports of the Food Commissioner and the Plumbing Inspector were read and accepted.

THE LEGGETT COMING.

Associated Press, Morning Service. SAN FRANCISCO, May 5.-The teamer Leggett sails tomorrow Honolulu and Midway with moterial for cable buildings.

The steamer Francis H. Leggett, a thousand ton vessels, is under charter to carry a large amount of building material to Midway Island. This material is to be used in the construction

THE ADVANTAGES

Tin, Iron and Steel Roofing IT CANNOT RUST.

Gases, fumes, moisture, coal soot and smoke cannot injure or effect cement

It is better adapted for application over uneven surfaces, such as old shingles or metal roofs, obviating the expense of removing the same. It will not rattle from wind and storm, nor create any noise from rain falling upon it. The materials used in cement roofing are the best non-conductors of heat and cold known, therefore it will keep the building warmer in winter and cooler in summer than a metal roof.

Samples and full particulars mailed on request.

LIMITED

Sole Agents for the Hawaiian Islands

Hardware Department

of the permanent buildings of the cable company at that point. The Leg-gett is owned by the Hammond Lumber Company of San Francisco.

KAANA ESTATE CLAIMED.

W. R. Kaleookekoi has filed his apearance and claim as a person entitled to the estate of Kaaua, deceased, praying that he may be adjudged entitled Robert W. Breckons Is his atthereto.

How To Avoid Trouble,-Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and Smith & Co., agents for Hawaii.

GOOD PLUMBING is our forte, we don't do cheap work. You will find on exhibition in our store, all the latest fancy designs in bath room apparatus. We carry everything that goes to make up that most important part of a dwelling—the bath room—AND WE IN-STALL IT RIGHT. Our plumbing is put in to last, we guarantee all work done by us, and can quote you the names of hundreds of satisfied custom-

It costs no more to have your plumbing and sewer connections done by us, and remember WE GUARANTEE THE
